

Dear Parents

Week 7 Term 4

November 26 2019

This term **Stage 1 children** have been investigating different **forms of energy** and how we detect energy in our lives. Last week 1C, 1/2W and 1P were very lucky to have **Mr Rory McPherson**, a science teacher from **Casino High School**, visit our classes and help us investigate, make and measure electrical energy.

Children made their own batteries and windmills and **measured the energy** produced with multimeters. They then **investigated** how they could increase or decrease the energy produced with multimeters.

We would like to extend a huge thank you to Mr McPherson for sharing his knowledge and equipment with us to help us answer our questions about electrical energy and for awarding us with our very first Casino High School merit certificates.

Subject to appeal, **Fiona Slack-Smith** has been offered and accepted the **Teacher – Special Education** position in our Support Unit. Previously this was Liz Turner's substantive position until her promotion to Assistant Principal – Special Education. Fiona will take up duty at CPS on January 28, 2020

Early Stage 1 and Stage 1 children had their Platinum Awards Assemblies on Monday.
